Citynet has an important role in supporting local governments to take part in International Relation. In this global era, regional autonomy creates chances for local governments to explore and collaborate with other stakeholders to develop their cities. Citynet open the access for local governments to join actively in global era.

In addition, Citynet builds the network between the local governments to learn and to adopt the progress and to create innovations in developing their cities.

At the same time, citynet is a solution to make a network between local governments and other sectors to overcome the limitation of budget in accelerating the cities development.

Furthermore, citynet is an effective organization for local governments to promote their potency and their progress in the development of their cities.

Thus, by taking bigger part in citynet as an executive committee will bring bigger opportunity for Bogor city to collaborate and share ideas for a better city development.
