Why our city wishes to apply for the position of Member of the Executive Committee

Suwon City has joined CityNet since 1997 and has played the role of auditor from 2006 to 2009. At a time when Suwon is making all-out efforts to explore a variety of urban policies for sustainable urban development, it is a great opportunity for our city to learn and share urban issues around the globe by serving the position of a member of Executive Committee.

By joining the Members of the Executive Committee, Suwon will enjoy the opportunity to actively contribute to closer city-to-city cooperation and knowledge exchange. Also this will be a good chance for Suwon to promote our city’s exemplary cases and enhance Suwon’s position across the Asia Pacific region.

Our city is fully confident of successfully undertaking the role of the position with accountability and commitment. Accordingly, I would like to apply for the position of Member of the Executive Committee.

I. Vision for the Sustainability of CityNet

For the management, development and substantiality of CityNet as a Network organization, I believe CityNet can enhance its capacity to meet the needs of members and to face pressing local and global challenges through the points described below.

By encouraging more cities to join CityNet, I believe, the Network can build a closer relation and enhance cooperation among member cities. More members mean more resources to tap into. As the largest association of urban stockholders committed to sustainable development in the Asia Pacific region, CityNet has capacity to bring leaders and representatives from the region by attracting more members.

By holding regular meetings to share the setbacks or situation of member cities, CityNet can enjoy more opportunities to come up with the solutions to those issues. Through devising specific programs for solving the problems, CityNet can produce more tangible results.

Also, by building a variety of platforms including online version, CityNet can present more opportunities for members to share urban policies and to learn good practices as well as to have insightful discussion among members.
