I. **Why Yokohama wish to apply for the position of the Executive Committee.**

II. **Vision for the Sustainability of CityNet**

III. **Potential Contribution to CityNet**

The City of Yokohama was the first President City (1989-2013) and hosted the Secretariat (1992-2013) during the first years of the CITYNET. Since then the City of Yokohama has been deeply engaged in the overall management of the CITYNET programs and activities and has been making substantial financial and in-kind contribution towards it.

The City of Yokohama established the CITYNET Yokohama Project Office in 2013, which would pursue collaboration with the CITYNET Secretariat and member cities. After the establishment of this office, the City supported its management and projects through subsidy (approximately USD80 million between FY2013-FY2017) and secondment of city officials. As the President Emeritus, the City of Yokohama commits to maintain its contribution to the CITYNET mainly through our support of the Yokohama Project Office.

As a lead city of the CITYNET Disaster Cluster, we will continue to implement projects and seminars which meet needs of cluster members in coordination with the Yokohama Project Office. In order to energize other clusters and the CITYNET as a whole, we will actively cooperate with other relevant clusters such as the Climate Change Cluster.
