MuAN is an old organisation as CityNet working for the common interests of cities/towns of Nepal. It has been actively supporting CityNet as Member of Executive Committee since 2013, Seoul Congress. Moreover, MuAN is hosting and facilitating the National Chapter for a long time, and probably only CNC Nepal has been utilizing the funding by implementing small model project every year for its members. Similarly, MuAN has been constantly following up and coordinating with all full members and National Chapter Members of CityNet across the country, disseminating information to all members and also coordinating projects of CityNet in Nepal such as school education trainings, Microsoft innovation project, DRR support project etc. We therefore would like to be in the EXCOM member of CityNet once again and contribute more and benefit more to our members.
